PRIVATE WIRE SERVICE  
REGULATIONS

Item

119 COMBINATION OF CHANNELS

(M)

When a combination of two or more channels is necessary to provide channel facilities for a single purpose, charges are determined on the basis of the types and number of channels required.

(M) – Moved from CRTC 3003, Page 36

For explanation of symbols see Page 1

Issued: 23 June 1987

Approved in CRTC Telecom Order 1987-448, 17 July 1987
