
MOBILE TELEPHONE SERVICE
MANUAL MOBILE TELEPHONE SERVICE

Item**204 MAINTENANCE**

The rental for radio telephone equipment includes the maintenance of such apparatus by the Company when it is made available to the Company at the location of any of its maintenance centres. When it is necessary to undertake maintenance at the subscriber's premises, or on his mobile unit, where such premises or mobile unit is located beyond the immediate vicinity of the Company's maintenance centre, the subscriber will be required to pay the full cost of transportation and lodging, together with the labour expense incurred during the travelling time, and other associated incidental costs.

Installation, maintenance and repair depots are located at:

British Columbia

Fort Nelson

Northwest Territories

Hay River

Inuvik

Yellowknife

Yukon Territory

Watson Lake

Whitehorse
