DATA TRANSMISSION SERVICE ARRANGEMENTS

Item
304 RATES

A. Channel Mileage

Channel Mileage Rates are determined as follows:

Local channels as per CRTC 3003, Item 202.B (voice grade).
Inter-city channels as per CRTC 3003, Item 202.D (voice grade).

(C)

PRIVATE WIRE SERVICE
DATA TRANSMISSION SERVICE ARRANGEMENTS

Item 304 RATES (cont'd)

B. Service Charge

A non-recurring service charge as per Item 503 applies to each data channel loop connected to subscriber provided equipment.

C. Channel Conditioning Arrangements

These are required for certain Schedule 4 inter-city channels as follows:

	<u>Monthly Rental</u>	<u>Service Charge</u>	
First Station in each city			
On a two-point channel not arranged for switching			
Type 4A	\$ 18.60	\$ 19.00	(A)
Type 4B	64.85	27.00	
Type 4C	111.00	45.00	
On a two-point channel arranged for switching and on a multi-point channel			
Type 4A	64.95	27.00	
Type 4B	111.00	45.00	
Type 4C	Special Assembly		
Each Additional Station in the same city and on the same channel			
Type 4A	37.05	19.00	(A)
Type 4B	46.25	27.00	
Type 4C	Special Assembly		

On an intra-city channel, conditioning of the type indicated above is not generally required. Each situation will require to be investigated to determine if conditioning is required and type. If required to be furnished, additional rental applicable will be determined on a special assembly basis.

D. Modem Charges

On Schedule 4 channels, a modem is required to modulate signals generated by data terminal equipment to signals suitable for transmission over channels furnished by the Company and to demodulate signals received from such channels for delivery to data equipment. Such terminal equipment is generally furnished by the Company but it may be provided by the customer.

The following rates apply for modem equipment furnished by the Company:

Speed	<u>Monthly Rate</u>					Installation (Note 1)
	Month to Month	1 Year Contract (N)	3 Year Contract (N)	5 Year Contract (N)		
113 Data Set (Answer-only) (Z)						
19.2kb/s Line – Driver	50.00	45.00	39.00	34.00	130.00	
64kb/s Line – Driver	144.00	128.00	109.00	96.00	163.00	
300 bps	87.00	78.00	65.00	58.00	130.00	
1200 bps	79.00 (R)	70.00 (N)	60.00 (N)	53.00	130.00 (A)	
2400 bps	105.00 (R)	92.00 (N)	79.00 (N)	70.00	130.00 (A)	
4800 bps	224.00 (R)	198.00 (N)	169.00 (N)	149.00	163.00 (A)	
9600 bps	300.00 (R)	267.00 (N)	227.00 (N)	200.00	163.00 (A)	
1200 bps (V)	93.70	-	-	-		

Notes: 1) Installation rates apply at locations staffed with qualified technicians. At other locations the customer shall bear the cost of the technicians travel time, transportation and lodging. The maintenance and repair depots for B.C. and Yukon are in Whitehorse, Y.T., Fort St. John, B.C. and Fort Nelson, B.C. The maintenance and repair depots for the Northwest Territories are in Yellowknife, Hay River and Inuvik, N.W.T. The customer shall not bear any of the costs associated with travel and related travel expenses when the cause of the technician's visit is the result of an error on the part of the Company in installing the equipment.

Item 304.D 2900 bps, 1200 bps, 4800 bps, 1200 bps (V) moved from CRTC 3001, Items 1405.1 and 1405.2 on p.208 and items 1405.6 and 1405.7 on p. 209, respectively.

J. Bridging Service

(N)

A central office bridging arrangement is furnished for 4-wire, multi-point, schedule 4 type 4 data channels. Isolation is provided for each leg of the channel. One bridging arrangement is required for each drop/slave leg of the channel.

	<u>Monthly Rate</u>	<u>Service Charge</u> (Note 1 & 2)
Bridging arrangement for each drop/slave leg	\$ 40.00	\$ 300.00

Note 1: The one time service charge is for each drop, irrespective of whether all the drops are installed at the same time or at different times.

Note 2: These service charges apply to all manned communities. For other communities the customer shall bear the cost of the technicians travel time, transportation and lodging for each visit in addition to the above service charges.

The present manned communities are:

Dease Lake, Fort Nelson, Fort Simpson, Fort Smith, Hay River, Inuvik, Norman Wells, Yellowknife, Cambridge Bay, Iqaluit, Nanisivik, Rankin Inlet, Dawson City, Faro, Watson Lake and Whitehorse.

All other communities are unmanned.
