**PART 2 – CARRIER ACCESS TARIFF**

Item

**90. COMPENSATION PER CALL**

(N)

**1. Description of Service**

- (a) The assessment of an access charge for each toll-free call from the Company's public or semi-public telephones ("pay telephones") is referred to as "compensation per call."

**2. Terms and Conditions**

- (a) The compensation per call charge applies to the IXC, for each completed toll-free call that originates from a Company pay telephone and is carried by the IXC, except in limited situations where the toll-free call cannot be captured due to technical limitations.
- (b) Additional toll-free calls initiated through the use of the "next call" key on the pay telephone are also subject to the compensation per call charge. However, additional toll-free calls achieved through the use of dialing sequences on the IXC's platform are not subject to the compensation per call charge.
- (c) Toll-free calls are considered completed when the call is answered.
- (d) Each month, the Company will send the IXC a composite electronic list of the toll-free numbers that originated at the Company's pay telephones and were carried by the IXC. The list will include the toll-free numbers that were called and the number of times they were called in the previous billing period. This information is available on a disaggregated basis by originating exchange and, if so requested by the IXC, will be provided in that manner beginning with the first complete billing period following the request.
- (e) Call detail recording is not provided.

**3. Charges**

The IXC shall pay to the Company the following compensation per call charge for each toll-free call as shown below.
